

EN Product Information Guide

This Important Product Information Guide contains safety, handling, disposal, recycling, and regulatory information as well as the limited warranty for Rubik's Connected Cube. Read all safety information and operating instructions before using Rubik's Connected Cube to avoid injury or harm.

By using Rubik's Connected Cube, you agree to the terms and policies found at www.rubiks.com/en-uk/terms-and-conditions and <https://www.rubiks.com/en-us/privacy-and-cookie-policy> including the Rubik's Privacy Policy.

CAUTION - ELECTRICALLY OPERATED PRODUCT: As with all electric products, precautions should be observed during handling and use to prevent electric shock.

CAUTION - Battery should only to be charged by adults or by children at least 8 years old. The supply terminals are not to be short-circuited.

WARNING: Rubik's Connected Cube contains small parts, which can present a choking hazard to small children. Keep such parts away from small children.

WARNING: Class 1 Laser product. This class is eye-safe under all operating conditions. A Class 1 laser is safe for use under all reasonably anticipated conditions of use; in other words, it is not expected that the maximum permissible exposure (MPE) can be exceeded.

WARNING: Long cable. Strangulation hazard.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Compliance: FCC ID: 2AWLXRBE001CC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful to radio interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to connect the interference by one or more of the following measures:

- * Reorient or relocate the receiving antenna.
- * Increase the separation between the equipment and receiver.
- * Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- * Consult the dealer or an experienced radio/TV technician for help.

- a) frequency band(s) in which the radio equipment operates: 2402-2480MHz
b) maximum radio-frequency power transmitted in the frequency band(s) in which the radio equipment operates: <10 dBm.

IC Compliance: IC: 26194-RBE001CC

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Declaration of Conformity

Hereby, Rubik's Brand Limited declares that the radio equipment type RBE001-CC is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: <https://rubiks.com/compliance>

BATTERY INFORMATION

Each Rubik's Connected Cube has a lithium polymer battery, which should only be re-charged using the included power cord and charging platform. Attempting to remove the battery will void the warranty and may result in injury. Protect the environment by not disposing of this product with household waste. Check your local authority for recycling advice and facilities. Disposal, recycling, and other environmental information related to Rubik's Connected Cube can be found online at: www.rubiks.com

Always full charge the battery before prolonged storage. Recharging should be carried every 6 months for battery maintenance.

EUROPEAN UNION - DISPOSAL INFORMATION

The symbol above means that according to local laws and regulations your product should be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities. Some collection points accept products for free. The separate collection and recycling of your product at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. Keep these instructions for future reference as they contain important information.

ENVIRONMENT

Operating temperature: 0°C to 40°C (32°F to 104°F) Relative humidity: 5% to 95% non-condensing. Using Rubik's Connected Cube in very cold or high conditions might temporarily shorten battery life and could cause Rubik's Connected Cube to temporarily stop working. Rubik's Connected Cube to high temperature conditions such as direct sunlight or hot car interiors. Don't leave Rubik's Connected Cube in your car, because temperatures in parked cars can exceed this range. For best results, use indoors. Never expose Rubik's Connected Cube to water.

WARRANTY

Your purchase comes with a one-year limited warranty to Original Purchaser. The warranty covers against manufacturing defects. It does not cover abuse, alteration, theft, loss unauthorized and/or unreasonable use, or normal "wear and tear." During the warranty period, Rubik's will make sole determination of a defect. If Rubik's determines a defect, Rubik's, at its sole discretion, will repair or replace the defective part or product with a comparable part. This does not affect your statutory rights.
